Big Time Gaming (BTG) is a casino software

provider and the creator of several extremely popular and innovative online casino games such as Bonanza, Extra Chilli, Donuts, Danger High Voltage any many others.

Our

list of BTG casinos you can see on this page contains only casinos that include games from Big Time Gaming in their game selection.

Table of contents:

About Big Time

Gaming

Big Time Gaming, based in Sydney, Australia, is one of the relatively young gambling companies. It was established "just" in 2011, however, the people behind the company have been involved in the online gambling world for a long time.

The company's

CEO Nik Robinson founded NT Media in 1997 and served on the senior management team in Openbet after selling the first company. People working alongside Nik in BTG are also highly experienced in the gambling industry, which is definitely noticeable on the company's creations.

Big Time Gaming and its titles are licensed in Alderney, UK,

Gibraltar and British Columbia (Canada). These licensing authorities and jurisdictions have high standards, so you can be sure everything works as expected when playing BTG games.

One of the most important assets of the company is their trademarked Megaways system, which is used in games with unusually large number of winlines. Many of BTG's most popular games utilize the Megaways, and the company has even extended the system's license to other game providers who wanted to use it in their games.

Big Time Gaming

does a good job of making their games accessible to people from all over the world. All of the games are available in over 20 languages, which means almost everybody can access them in at least a somewhat familiar language.

Big Time Gaming games and their

features

Big Time Gaming has created some very popular games, such as Bonanza, Extra Chilli, Danger High Voltage, Donuts, Queen of Riches, White Rabbit any many others. The number of games produced by BTG can't match that of the likes of giants like NetEnt or Microgaming, but they're definitely on top when it comes to quality and innovation.

Megaways

What made many BTG's games stand out is their aforementioned Megaways system. It was first used in a game called Dragon Born, which has 6 reels with 7 symbols on each of them. That amounts to whopping 117,649 winlines. Such a huge number of winlines is found in very few games, most of which come from the BTG's workshop as well.

That being said, the number of winlines in the Megaways games is not fixed as the number of symbols you get on each reel varies in each spin. The actual number of winlines will be significantly lower than 117,649 in most spins, but if you get lucky and get a high number of symbols on several reels, the potential for big wins increases rapidly.

Unlimited multipliers

Another feature that sets some of BTG's games

from the competition is the possibility to reach unlimited multiplier in free spins.

This was popularized greatly by Bonanza, in which you can get 12 free spins, with each win increasing the multiplier for any upcoming wins during the free spins by one. And because you can get many individual wins in each spin (thanks to "win reactions" that bring new symbols to fill the reels after each win), the multiplier can reach very high levels.

Feature drops

Multiple other games have implemented the feature of unlimited increasing multiplier in the bonus round, with arguably the most notable one being Extra Chilli. This game is very similar to Bonanza, but there is one major difference. You can pay to trigger the free spins by buying a "feature drop". In Extra Chilli, you can pay 50 times the amount spent on normal spin to trigger 8 free spins (although sometimes you can get more of them). Then you can gamble with the number of free spins up to a maximum of 24 spins. This also means, however, that you can lose your free spins and not get to play any of them.

Note: Extra Chilli was not the first BTG game to introduce feature drops, but it became extremely popular almost instantly, by combining the gameplay features of Bonanza with the possibility of triggering the free spins anytime by paying for them.

High volatility

The huge number of winlines in many BTG games and other aforementioned features mean that most games from the Big Time Gaming studio have a very high variance. This might be seen as an advantage by some people (including us, as our slot strategies favor games with higher volatility), but it also means that BTG games are not for everyone. If you prefer games with lower volatility, it's probably best for you to look for titles from other game providers.

Graphics,

animations and sounds

Apart from the features that set BTG games apart from the competition, their graphics, animations and sounds are on the highest level, too. Most of games created by Big Time Gaming have sharp and well-designed graphics, as well as smooth and well-timed animations. The sound is generally good as well, although some people could find it too repetitive and invasive.

Note: If you want to play games from

Big Time Gaming for free (including all of the games mentioned above), you can find
