European Roulette as well as French and American are very popular among gamblers worldwide.

Nowadays you don't have to travel anywhere searching a brick-and-mortar casino to gamble a

roulette. It is much easier to visit an online gambling establishment because any of it has

European Roulette!

Check also our European Roulette Simulator. You can play it right here for free, no deposit required.

Now you have it and ready to gamble. But let us say a couple of words about the European Roulette rules beforehand.

European Roulette Rules

European Roulette is also widely known as a single-zero roulette. It is true, there is the only zero

on its wheel (while the American roulette variation has two zero sectors — 0 and 00). There are

37 sectors on the European roulette wheel — numbered from 0 and up to 36 — and they are

scattered in random order: 0, 32, 15, 19, 4, 21, 2, 25, 17, 34, 6, 27, 13, 36, 11, 30, 8, 23, 10, 5,

24, 16, 33, 1, 20, 14, 31, 9, 22, 18, 29, 7, 28, 12, 35, 3, 26.

Eighteen of them are red: 1, 3, 5, 7, 9, 12, 14, 16, 18, 19, 21, 23, 25, 27, 30, 32, 34 and 36;

Eighteen of them are black: 2, 4, 6, 8, 10, 11, 13, 15, 17, 20, 22, 24, 26, 28, 29, 31, 33 and 35;

The only zero sector is green.

What is good in single-zero roulette? Well, the odds of European Roulette are twice as better than

the American one. Any gambler has more options to win in European Roulette because of single

zero. To be precise, the house edge in European Roulette is 2.70% and in American one —

5.26%.

Gambler is trying to guess which slot the ball stops. Until the dealer rolls the ball, players could

place a bet, after the dealer says "Bets are placed, no more bets!" it is forbidden. After the ball

stops the dealer calls the winning number and pays out to winners taking away all lost bets.

European Roulette Bets

If there were only straight bets to certain numbers the roulette game would be dull and less

popular. A direct bet has 2.70% winning odds. It has a very high pay-out rate — 35:1 — but you would wait for your lucky chance for a long time.

Gamblers usually like to play and win faster, that is why you should know which bets you could place in roulette. There are inside bets (bets on numbers) and outside bets (other options). Gambler place the bet trying to guess where the ball may stop and gets the pay out if wins. Pay outs reflect the winning odds.

#### Inside Bets

Straight bet could be placed to any certain number including 0. It pays out as 35:1. Split bet could be placed on the border line of neighboring two numbers. It pays out as 17:1. Street is placed on three numbers on the left or right vertical line beside the numbers. It pays out as 11:1. Corner and basket are placed on 4 numbers on the crisscross line. They are paid out as 8:1. Six line bets are placed on the line near the chosen 6 numbers, paid out as 5:1.

#### Outside Bets

Column bet (12 numbers) is paid out as 2:1. Dozen bet (12 numbers) is paid out as 2:1.

#### Even Money Bets

Black/Red (you place chips on the red or black field) is paid out as 1:1. Even/Odd (you place the bet on even or odd numbers) is paid out as 1:1. High/Low or also known as Manque/Passé (1-18 or 19-36) is paid out as 1:1.

#### Additional rules to European Roulette

Some European casinos have an imprisonment rule: If the ball stops at zero even money bets don't automatically lose but stay on the field "En Prison" till the next round. If the next round the ball lands on zero again stakes lose. But if your stake "En Prison" wins you get your original money back. That rule makes the house edge on even money bets less the average of European Roulette up to 1.35% and makes these wagers very profitable.

Another possible rule "La Partage" saves a half of even money stake to the gambler if the ball lands to zero.

First European Roulette appeared in 1842. Since then it is the most popular and profitable game among gamblers worldwide. Modern gamblers prefer European Roulette online since it ideally combines excitement, profitability and an open-access 24\7 worldwide.

## Sexismo y Sonia Sotomayor o

Hace un mes, Josh Barro (un hombre) en The Atlantic publicó un artículo titulado "Sonia Sotomayor debería jubilarse ahora". Alrededor del mismo período, Mehdi Hasan (un hombre) en The Guardian expresó una opinión similar de que "por el bien de todos nosotros, Sonia Sotomayor necesita retirarse del Tribunal Supremo de los EE. UU.". El profesor de derecho de la

Universidad de Colorado Boulder, Paul Campos (un hombre), también argumentó que Sotomayor, de 69 años, debería considerar jubilarse como jueza para darle tiempo a Joe Biden para llenar el cargo con otro juez liberal si sucede lo peor. Y el analista Nate Silver (todavía ... otro hombre) dijo en gran medida la misma cosa.

Es una verdad universalmente reconocida que cuando puedes contar al menos tres instancias de algo, entonces, felicitaciones, tienes una tendencia. En este caso, varios comentaristas proclamaron, una tendencia claramente sesgada en cuanto al género. El hecho de que un grupo de hombres exigiera la jubilación inmediata de una mujer altamente visible provocó gritos de sexismo.

En Slate, por ejemplo, Dahlia Lithwick señaló que "prácticamente todas las personas prominentes que impulsan [el argumento de que Sotomayor debería jubilarse] son hombres. Y las personas que la defienden son mujeres."

Por favor, les imploro a todos, no tengamos esta absurda discusión una vez más. Tal vez recuerden que tuvimos exactamente la misma conversación el año pasado en relación con la fallecida Dianne Feinstein. La senadora demócrata, entonces de 89 años, fue exhortada a renunciar después de problemas de salud que la hicieron perder varias sesiones importantes del comité judicial. A su vez, estos llamados fueron calificados de sexistas. "No sé qué agendas políticas están en juego que van tras Feinstein de esa manera", dijo Pelosi en ese momento. "Nunca las he visto hacer eso con un hombre enfermo en el Senado de esa manera".

¿Las mujeres en posiciones de alto poder se juzgan con frecuencia por estándares más altos que sus
