Live Roulette is much more realistic and exciting than a standard roulette in any online casino. You communicate not to a machine, but with a professional casino dealer in a brick-and-mortar casino among real gaming tables. The whole game takes place right on your screen directly under your personal supervision.

You can play live roulette right

here for free, no deposit required.

The rapid development of Internet technologies and online casinos makes it possible to play roulette with a live dealer staying in the comfort of your home. Modern online casino software and live broadcast technology help to implement this exciting opportunity. Actually, a player may watch on the screen the real roulette table and the real roulette wheel spun by the professional dealer. So you can bet and watch the action, as in any brick-and-mortar casino.

Live Roulette Advantages

Live Roulette is the

opportunity to play one of the most exciting casino games right from your home. But your home comfort is not the only advantage of a live roulette game. You may play your favorite game anytime, day or night, eat while playing pancakes, sip your favorite beer and wear your lucky white shorts with red hearts — nobody minds it.

The main advantage

is that the dealer is alive and you can control the game and his actions. You do not need to rely on a random number generator (RNG), which is used to control the result of all standard online casino games.

Random Number Generator (RNG)

When you hear about a

random number generator, you may get the feeling that it was invented specifically for online casinos. No, it was not. In fact, the RNG technology was first used long before

in brick-and-mortar gambling houses. Do you remember old video poker machines, or slot machines? Well, it was random numbers generators. Some people still are skeptical about how fair the games based on RNG are. But don't blame RNG — it is a machine — blame the owners.

Modern online casinos use the built-in RNG technology which is checked by the independent auditors. Each casino is ensuring that in all offered games the RNG is good. After all, the reputation costs more than some hundreds of dollars gained through deception.

Live Game Online

RNG technology is of a high level of security, but many players do not quite understand it and, consequently, do not trust RNG games fully. For doubting players, a live game is an ideal option. You watch a professional croupier rolling the ball and spinning the real roulette wheel, so you just bet and relax.

Video

cameras broadcast every dealer's step and move live, so you literally control the game.

Live Roulette creates the true atmosphere of brick-and-mortar casinos in Las Vegas and Monte Carlo. So, get comfortable and fix yourself a favorite drink, check your bankroll — if it is OK, the game is ready for you.

Take a dip in your personal

Monte Carlo atmosphere just from your cozy armchair!

A croupier or dealer is someone appointed at a gambling table to assist in the conduct of the game, especially in the distribution of bets and payouts.

Trump acusado de conspirar para corromper las elecciones de 2024 durante el juicio por soborno

Donald Trump “orquestó un esquema criminal para corromper las elecciones presidenciales de 2024” en un intento de encubrir un affaire supuesto con la estrella porno **Stormy Daniels**, según dijo la fiscalía en su declaración de apertura en el juicio penal del expresidente.

En su declaración de apertura, el fiscal **Matthew Colangelo** le dijo al jurado que Trump invitó a

su amigo y el exeditor de la National Enquirer, **David Pecker**, a una reunión en Trump Tower en el verano de 2024. Trump acababa de lanzar su campaña para la nominación republicana de 2024, y Colangelo dijo que Trump, su exabogado y arreglador **Michael Cohen** y Pecker urdieron un plan para mantener la información perjudicial sobre Trump fuera de la prensa.

De acuerdo con la acusación, Pecker estuvo de acuerdo en publicar información perjudicial en la National Enquirer sobre los oponentes, incluidas las afirmaciones falsas de que el senador **Ted Cruz** tenía conexiones familiares con el asesinato de JFK, así como la compra de historias negativas con el propósito expreso de evitar que se publicaran. Colangelo dijo que esta campaña "catch-and-kill" se dirigía a ayudar a la campaña electoral de 2024 de Trump.
