Bomberman is a game character from the early era of gaming that hasn't been appearing as frequently as he used to and that's why we need to rely on games like Bomber Friends.

This game carries the spirit of the original Bomberman games into its gameplay and presentation. You're playing as someone who ends up trapped in a lot of contained spaces filled with a mess of blocks and other threats. The good news is that you're not defenseless, but the bad news is that your tools are as dangerous to you as they are to the blocks and threats around you. You can have a blast, just be careful.

About Bomber

Friends

There's sometimes an odd combination of puzzle, party, and action that appears in certain games. This is one of those games with a stylized and colorful take on the cartoon classic, the round bowling ball bomb. You'll be running around mazes with a view that lets you see where everything is so that you know how to blast your way to the end. It's also about customizing your characters before and during each level to make it your own experience. In some ways, it is a friendly experience, that's bound to blow up your gaming library if you play enough of it.

How to Play

Bomber Friends is a

2D top-down game played with the keyboard. There's currently only one control scheme currently available.

Controls

Up Arrow - Move Up

Down Arrow - Move Down

Left Arrow -

Move Left

Right Arrow - Move Right

A - Place Bomb

B - Taunt

Y - Zoom in/out

You play as

a little humanoid that spawns on one side of an enclosed level. The levels are a mix of unbreakable (solid appearance) and breakable blocks (pattern appearance) arranged throughout. You'll be equipped with bombs that can be placed wherever you're standing and will explode in a blast that travels Up, down, left, and right. These bombs are used to destroy the breakable blocks and eliminate enemies. The goal of each level is to get rid of all the enemies and escape the area.

The humanoid has several stats

indicated by a Sword, a Heart, a Bomb, a Flame, and a Boot. These relate to your Attack, Health, Capacity, Range, and Speed respectively. You can temporarily improve these stats by collecting the related icons uncovered from blowing up blocks. You can also collect gold bars and gold coins which can be used to buy items like Gems. Outside of levels, Gems can be placed in slots for your different stats to improve them permanently. Just remember to avoid Skull icons as these will curse you.

If you need to

unlock the exit door, you'll need to blow up blocks until you find the key. You can also play the Robot Quest for a sci-fi take that has its own collection of levels that are much larger. There's also a place to customize the appearance of your humanoid to turn them into your vision of what a Bomber Friend looks like.

Tips and Tricks

If

you're unfamiliar with Bomberman, the main thing to keep in mind is the available space and reach of your bombs. When placed, bombs act as obstacles and you can't move past them so be careful not to trap yourself. Try to get in the habit of placing bombs as you retreat.

Unai Emery duda sobre la presencia de Emiliano Martínez en el partido de Aston Villa ante Olympiakos

Unai Emery ha dicho que tomará una decisión de último momento sobre si Emiliano Martínez enfrentará a Olympiakos cuando Aston Villa intente revertir una derrota en la ida para llegar a la final de la Liga Europea de la Conferencia. Martínez, quien regresó a los entrenamientos esta semana después de una lesión en el muslo, viajó a Atenas, pero Emery confirmó que hablará con el médico del club antes de tomar la decisión final por la mañana del partido. Robin Olsen seguirá siendo titular si Martínez no está en condiciones de jugar.

Martínez fue reemplazado al medio tiempo contra Chelsea el mes pasado, pero el portero, cuyas habilidades en la definición de tiros penales en Lille ayudaron a Villa a clasificar a semifinales, podría regresar oportunamente en Grecia.

"Voy a hablar con él y el médico para ver si está al 100% para jugar, pero confío en Olsen y estoy construyendo el equipo, no solo con los jugadores en el once inicial", dijo Emery. "Si lo hiciéramos, estaríamos muertos ahora porque hemos tenido muchos jugadores lesionados. Si está disponible al 100%, va a jugar. Si no, Olsen ha jugado fantásticamente en los momentos en que lo hemos necesitado."

Emery subraya la importancia de mantener la calma emocional

Emery ha destacado la importancia de que sus jugadores mantengan la calma emocional cuando se enfrenten a su "mayor desafío" de la temporada, ya que buscan revertir una derrota en la ida ante Olympiakos para llegar a una final europea por primera vez desde 1982, cuando vencieron a Bayern Munich 1-0 en Rotterdam para ganar la Copa Europea. Villa, que está abajo 4-2, necesita dar vuelta a la situación en El Pireo, pero Emery conoce la gravedad de la prueba que se avecina.

"El ambiente, [los fanáticos de Olympiakos] apoyando al equipo local, no podría ser más difícil", dijo el entrenador de Villa. "La afición aquí los empuja mucho para ayudarlos. Debemos concentrarnos en cómo podemos reaccionar. Debemos construir una nueva experiencia con nuestros jugadores... es el desafío más grande al que nos enfrentaremos este año, jugando aquí en una semifinal."

Emery urgió a sus jugadores a aprender de la derrota en la ida y mantener la concentración, incluso si conceden un gol temprano. "Esa experiencia que tuvimos es muy importante y mañana tenemos que intentar mantener el equilibrio, incluso si no estamos anotando, incluso si están anotando 1-0 porque en 90 minutos podemos imponer nuestro plan y podemos tener oportunidades y ser clínicos en un momento durante el partido", dijo. "Tenemos que intentar ser competitivos como lo fueron en casa contra nosotros. Tenemos que estar en la misma idea, mejorando algunas cosas que no hicimos como las habíamos preparado antes."

Jugador Partidos

Douglas Luiz 54

El centrocampista brasileño Douglas Luiz, quien ha jugado 54 partidos esta temporada, dijo que espera que la temporada continúe por un tiempo más.
