The Quick Summary

bwin Poker has been operating since the dawn of online poker, after opening in 1999. bwin is truly one of the veterans of online poker and it shows in their software and large player base. This room also does an excellent job of catering to people all over the globe: bwin Poker is available in 22 languages.

Popularity: 9.5 of 10 – Excellent

bwin is part of the OnGame Network, which is one of the biggest networks in the world; this gives bwin members access to the giant player base OnGame offers. Most of the room's traffic will be found at the Texas Hold'em tables, but players can still find a decent Omaha game at any time of the day. The tournaments draw a lot of players too, since bwin hosts one every five minutes.

Security: 9.5 of 10 – Excellent

In order to protect their players' personal and financial data, bwin uses advanced encryption technology from VeriSign. In addition to its encryption technology, VeriSign is also one of the top providers of online transaction security. In short, bwin players won't have to worry about their money being stolen or personal data getting hacked into.

Player Competition: 7 of 10 – Good

Unlike a lot of poker rooms which also offer casino/sportsbooks, bwin players aren't terrible: they know how to play the game and don't make stupid mistakes. This isn't to say that everyone is good though; plenty of fish can be found playing in the lower stakes games at bwin, which evens out the competition.

Site Software: 9 – Very Good

Since bwin has been around a while, they have had time to work all the kinks out of their software. OnGame has done a good job in making sure bwin players won't have any trouble with the software. There is certainly nothing fancy about the design of the lobby or tables, but this is because everything is geared towards usability and reliability.

Customer Support: 8 of 10 – Good

bwin provides its members with several different ways to contact the customer support staff. There is e-mail, fax, and telephone support for those who can't find an answer to their question or inquiry in the FAQ section.

The telephone number is 00350-200-777-61, and people can get a hold of a representative from 10:00 – 22:00 (GMT+1) on any day of the week. The fax number for bwin is 0043-1-5856044-18

while e-mails are sent through a contact form on the site. If there is any complaint about the support it is that there is no live chat option offered.

Company Ethics: 10 of 10 – Excellent

Few companies care about their players as much as bwin does, and this is evidenced by the fact that they've got a special department dedicated to responsible gaming. This corporate social responsibility department aims to prevent gambling addiction and looks at ways to constantly improve the company's ethics. bwin also does everything possible to ensure that minors don't play poker at their site.

Site Promotions: 7 of 10 – Average

bwin Poker used to be one of the worst rooms in terms of promotions since they didn't even offer a deposit bonus. However, this has changed in recent years and the site now offers a standard R\$100 signup bonus as well as other promos. The R\$100,000 Freeroll is always a hit, and bwin gives players the chance to win land-based tournament seats too.

Overall Review: 8.57 of 10

With a huge player base, reliable software, and outstanding dedication to company ethics, bwin Poker looks to be around for a long time. The promotions and customer support could still use some work, but they're definitely adequate when compared to other online poker rooms.

Final Result: We give bwin Poker a final overall score of 8.57 out of 10

Cinco personas murieron y miles fueron evacuadas en el sur

de Alemania debido a las inundaciones causadas por fuertes lluvias

Cinco personas han muerto y miles han sido evacuadas en el sur de Alemania después de que fuertes lluvias causaran inundaciones masivas en la región, lo que llevó a advertencias de funcionarios senior de que la crisis climática estaba destinada a empeorar el clima extremo en el país.

Víctimas y evacuaciones

Dos personas y un bombero voluntario han muerto en el estado de Baviera, según Juergen Weiss de la asociación de bomberos de Baviera. Una de las víctimas fue arrastrada en su automóvil, mientras que la causa de muerte de la segunda víctima civil aún no se conoce. El bombero voluntario murió cuando su bote inflable se volcó el sábado.

Además, dos personas más murieron en su sótano en el estado de Baden-Wuerttemberg, según la policía. Las autoridades creen que perecieron mientras intentaban bombear agua de su sótano.

Seis personas y un bombero voluntario de 22 años permanecen desaparecidos, según las autoridades regionales.

Rescate y pronóstico del tiempo

Después de fuertes lluvias, los servicios armados alemanes han enviado 800 miembros del personal para ayudar con los esfuerzos de rescate. El servicio meteorológico alemán no ha predicho más lluvias intensas.

El río Danubio es el centro de la preocupación para los esfuerzos de rescate, ya que niveles altos de agua pasan por la ciudad de Regensburg el martes por la mañana, luego de un esfuerzo de evacuación la noche anterior.

El martes por la mañana, el nivel del Danubio había alcanzado 31.5 pies (9.6 metros) en Passau, según la Oficina Estatal Bávara de Medio Ambiente, casi el doble del nivel normal para este momento del año.

Tres ríos se encuentran en la ciudad universitaria histórica, donde las autoridades han detenido el tráfico motorizado y han vaciado los estacionamientos subterráneos.

Desafíos y efectos del cambio climático

Más de 52,000 trabajadores de emergencia han sido desplegados en Baviera, la mayoría de ellos voluntarios, según la asociación de bomberos. Pero agregaron que el área amplia de inundaciones plantea desafíos para ellos.

El Canciller alemán Olaf Scholz dijo durante una visita a las áreas inundadas el lunes que el aumento de las inundaciones es una indicación del cambio climático.

"Estamos muy claros sobre el hecho de que esto no es solo un evento que ha estado sucediendo durante siglos, sino que tenemos que enfrentar cada vez más casos en los que tenemos que lidiar con desastres, inundaciones en particular", dijo Scholz.

El Ministro de Economía y Vicecanciller Robert Habeck también notó el domingo que el cambio climático está causando eventos meteorológicos más graves.

"Lo que estamos viendo es que la frecuencia de estos eventos está aumentando significativamente. Las inundaciones récord ocurren cada pocos años ... las lluvias récord cada pocos años", dijo Habeck, del Partido Verde, a la emisora n-tv.

Inundaciones mortales azotaron Europa occidental en 2024, con al menos 220 personas muertas entre el 12 y el 15 de julio, la mayoría en Alemania.

El análisis de ese evento por científicos del clima encontró que las lluvias récord que desataron las inundaciones mortales fueron entre 1.2 y nueve veces más probables debido al cambio climático causado por el hombre.

Otras áreas de Europa también han sido afectadas por fuertes lluvias en días recientes.
